"KEBS" BOYCOTT; SOCIETY GIRLS TO WALK HEREAFTER

Several of Them Meet and
Discuss Raise in Rates
For Carriages.

Decide They Will Have Mercy
on the Boys.

IS SOMETHING COSTLY, THIS.

While many cities in the country have their boycotts on meat in force, Paducah comes to the front with something more in that line—a boycott on carriages for the theater and afternoon and evening parties.

Like the meat boycotts, Paducah's was prompted by the greatly increased rates of the carriage owners. The women of Paducah are responsible for it, not the men.

A month or six weeks ago some of the local carriage lines got together and agreed to raise their tariff for serving patrons for the theater and weddings and receptions. All went along nicely enough, for the men, who pay the bills, concluded there was nothing to do, and that the cab lines are probably justified in making the raise. But the women soon heard of it, and there was a "get-together" meeting, where the question was brought up and duly considered, and the unanimous conclusion was that they would tell their gentlemen friends they are willing to walk to and from the theater on pleasant nights.

"It's a generous spirit," said a young society man today, "but I confess I did not know how to take it when a young lady friend of mine told me about it. I had an engagement to take her to the theater a few evenings ago, and about 7 o'clock she called me up, and in a very modest sort of way told me about the meeting and the decision of the girls."

"While I shall wear a party gown," she said, "I shall wear my heavy shoes, and we shall walk."

"Of course," I protested, and told her that not all of the cab lines had increased their rates, and even had they trebled them, I would not think of permitting her to walk. But she was firm in her determination, so we walked. I saw other young folks doing the same thing."

Other young society men were seen today by a reporter for The Evening Sun and, while all of them had not heard of the boycott, they were loud in their praise of the action of the girls.

"Of course," one of them said, "we boys will feel odd doing the walking stunt, with our lady friends dressed in their best, but I think if the girls are so thoughtful, and are willing to do it, it will be right."

"While labor unions, state legislatures and congressional committees are investigating the causes of the very high prices, I think the society folk would be justified in doing the same, for it costs money to keep up with the procession nowadays. Indeed, it is as expensive here in Paducah now as it is in the cities. When we boys go to a show there are \$3 for tickets; then comes our supper afterwards, and on top of this is the \$2 cab fare. Just take your pencil and, considering that we have an average of two shows a week that call for these things, you will see our social indulgences absorb a big proportion of a modest salary."

The manager of one of the cab lines had not heard of the boycott, but he was eager to give his side of the question, to justify his position.

"We used to pay 40 cents a bushel for corn," he said, "and \$10 a ton for hay. Now we pay 60 cents for corn and \$12 for hay. Our drivers demand better wages, our employees in the stables cost more and every item of expense is greater. We were not making any money at the rate in force, and it was a question of charging more or going out of business."

Other cab line owners who were in on the increased rates told much the same story. A few of the owners have not increased their rates, and said business is better with them than it has been for months.

QUARTERLY CONFERENCES OF METHODIST CHURCHES.

The Rev. W. J. Mecoy, presiding elder of the Paducah district, announces the following quarterly conferences of Methodist churches:

Fountain Avenue, Jan. 30; Broadway, Feb. 6; South Side, Feb. 13; Benton and Hardin, at Hardin, Feb. 19, 20; Brunsburg, at Mt. Carmel, Feb. 22; Oak Level, at New Hope, Feb. 26, 27; Reldland, at Oakland, March 5, 6; Wingo, at Dublin, March 12, 13; Sedalia, at Poyners, March 14; Mayfield, March 18, 20; Mayfield Second church, at Spence's, March 19, 20.

Governor Willson Sends Message to Legislature Today, Endorsing Tax Amendment to Constitution

Eugene Graves Calls For
Committees and Shows Up
County Unit Without Major-
ity in House.

Frankfort, Ky., Jan. 28. (Special.)—Governor Willson sent a special message to the legislature urging reforms in the method of taxation. He urges the adoption of the tax plan submitted by the special commission through a constitutional amendment.

In the house Jack Chinn offered a resolution, claiming the lash is being applied in the Frankfort penitentiary at the request of contractors and urging an investigation of the prison management. He claimed a former resolution adopted by the house for inquiry was merely the effect of a white wash. The house referred the resolution.

Chinn said no bills could be passed in the legislature without the consent of a swarm of lobbyists who were worst he ever saw.

On motion of Eugene Graves of McCracken, the house session continued for a call of committees. Waggoner opposed the plan, fearing the county unit would thus be put back in the calendar. The vote to continue was 34 to 23, showing a majority against the county unit.

Representative Hines, from Warren county, today said that it was his intention to introduce a resolution next Monday to have a committee appointed for the purpose of making an investigation of alleged cruelty in the state prisons. Representative Wilson is chairman of the prison committee and he wants two Democrats and two Republicans placed on the committee to conduct the investigation.

The prison committees from both houses left today on a junket to visit and inspect both prisons. The Frankfort penitentiary was inspected and the committee left today for the branch prison at Eddyville.

Breathitt Election Case.
Chapman Hugh Mahon, of the committee in the case of R. C. Hitt, vs. Dr. J. S. Evans, from Lee county, reported in favor of the contesting member, who is a Democrat. The testimony, which was in the form of depositions, was highly entertaining. It was to the effect that in one precinct Sam Callahan, a Republican, and brother of Ed Callahan, appeared in company with 30 armed men. A dispute arose as to some question, and the election officers decided to move the voting place to Sam Callahan's house.

Callahan, according to the testimony, then announced that the voting place would be moved to his house, but that no "d-d" Democrat was going to vote there, and they need not go to the trouble of trying.

In another precinct, one of the election officers was shot and killed.

Cousins Marry Here.
In order to dodge the Illinois law preventing cousins from marrying, Mrs. R. Morse and M. O. Morse, a couple from Illinois, came to Paducah this morning. The license was granted and the marriage ceremony was performed in County Court Clerk Singleton's office by the Rev. G. T. Sullivan.

Blackhand Letter is Sent to Dr. Ed Farley

Whether his life is in danger or whether some friend is trying to play an alleged joke on him is a question to which Dr. Ed P. Farley, formerly city meat, milk and live stock inspector, would like to find the answer. Last Sunday morning two shots were fired through the window of his bedroom and struck the wall just above the bed in which he was sleeping. Today he received through the mail a black hand letter warning him to move or that he would be killed.

Dr. Farley is unable to treat the matter lightly because of the mystery of the two shots that were fired into his bedroom. He has no enemies that he could suspect as guilty of going to such an extreme. Coupled with the circumstances it is too serious for a friend to mail the letter as a joke.

The letter was scrawled on ordinary paper, and mailed in an envelope, bearing a one-cent stamp and he was obliged to pay "postage due" before he received it. On the letter the outline of a hand was drawn, with ten fingers in crude handwriting

SECOND ESCAPE FOR THIS PAIR

HELD AT MADRID FOR JAIL-
BREAKING IN PADUCAH
AND GET AWAY.

Robert Craig and Dave Slaggle, two alleged brass thieves, who escaped from the McCracken county jail last summer and who were caught last October at New Madrid, Mo., on a charge of robbery, have made their second get-away from the New Madrid jail and are at large. They escaped with Jack Slaggle, brother of Dave, a few days ago.

The news reached Detective T. J. Moore today in a letter from Sheriff S. H. Hampton, of New Madrid. Slaggle and Craig are now wanted here and there, but have not been apprehended.

Last summer when the wholesale jail delivery was made at the county jail Craig and Slaggle, who were being held with George McKenzie and Arch Bottoms on charges of stealing brass from the Illinois Central railroad, escaped. They were at large until October when Craig and Slaggle together with Slaggle's brother were arrested in Missouri. The jailer there notified County Jailor Eaker of the catch, but said he would hold them as the commonwealth had a strong case against them. If they failed to convict them the jailer promised to turn Craig and Slaggle over to Jailor Eaker. Weeks passed and no further word was received.

A few days ago Detective Moore wrote to Sheriff Hampton and today the letter came, announcing their escape.

George McKenzie and Archie Bottoms have never been apprehended.

Cadillac Sold Here.
Dr. S. Z. Holland received a fully equipped 30-horsepower Cadillac this morning from the Kentucky Automobile company, the state agents, at Louisville. The machine was sold by Mr. George M. Younger, a member of the firm, who is western sales manager for the machine. This is the first Cadillac sold in Paducah, and is a duplicate of the machine that Mr. Younger drove here from Louisville. Dr. Holland has engaged Virgil Harton to drive the car.

GLIDDEN TOURISTS MAY REACH PADUCAH

There is a ray of hope that the Glidden automobile tour for the summer of 1910 may pass through Paducah. Should the motor car drivers get busy, and pull together the trip might be arranged so as to bring the cars through Paducah. This year the tour will start from Cincinnati, providing the Cincinnati Automobile club can guarantee the parent body a definite route from Cincinnati to Memphis. The route will include Cincinnati, Louisville, Lexington, Nashville, Memphis, Little Rock, or New Orleans, Dallas, Oklahoma City, Topeka, St. Joseph, Des Moines, Cedar Rapids, Davenport and Chicago.

SEINE SUBSIDES AS FLOOD'S CREST PASSES THE CITY

Paris Finds Horror of Pesti-
lence Lurking Over Reced-
ing Waters.

Cellars Full of Sewage All
Over City.

DRINKING WATER POLUTED.

Paris, Jan. 28.—The Seine became practically stationary at 9 o'clock this morning. It is expected to begin to fall in a few hours. The marine is already dropping. The announcement that the crest of the flood is past was received joyously.

Relieved of their terror lest the Seine continues rising, people realize today as never before the extent of the damage done to the city, and the great amount of suffering in the various wards of Paris. One of the worst fears now is of a pestilence, following the subsiding of the flood. Nearly every cellar in the city is flooded with sewerage. This, coupled with the contamination of the city's water sources, and countless deposits everywhere, makes the menace of disease the gravest problem that must be faced before the rebuilding of the city.

Telegraphic communication between Paris and the outside world is badly crippled today by the storm and flood. Lines have been so badly broken and so many offices have been flooded in various cities that communication can only be established now with a few outside cities and these by a roundabout routing of messages.

There is no direct cable communication between Paris and England.

Reports from the upper Seine and Marne say people wept and shrieked with joy when they learned the river is receding. Town criers announced the joyful news. Drum corps were formed and marched through the streets. The whole population turned out to celebrate the promised deliverance from the flood.

British Boat Wrecked.

London, Jan. 28.—The British torpedo destroyer Eden is a wreck today on the shore near Dover. She broke her moorings during last night's storm, and was driven ashore. The crew of forty was rescued to-day by breeches buoys. Tugs tried vainly to pull the Eden from her perilous position, but an eighty-mile wind finally forced the tugs to seek safety themselves.

It is now believed the total deaths from the coast storms will reach 300 or 400. Every hour brings additional bodies washed ashore. Hundreds of small boats are lost.

London, Jan. 28.—The steamship Lauria was lost near Corunna, Spain, according to advices today and her crew of 30 drowned. The Italian steamer Giuseppe foundered near Balbao, Spain, and several of her crew were lost, being washed overboard before life boats could be manned.

Marshall Home Burns

Sharpe, Ky., Jan. 28. (Special.)—Fire destroyed a three-room house on the farm of Joe Johnson, in Marshall county, three miles from here, last night about 9 o'clock. The house was occupied by Wes Dodson, who with his family was attending a singing at a church a short distance away. The house was ablaze all over when discovered and nothing was saved. The loss is estimated at \$500.

ASSESSMENT WILL BE INCREASED BY \$300,000

An increase of \$250,000 in the value of personal property in the city, it is estimated, will be made by the city board of supervisors, which will hear complaints next week regarding over assessments. Today the police department was given a stack of notices several inches high to serve on citizens, whose personal property has been assessed at a higher figure. No doubt there will be a multitude of kicks, but the supervisors are loaded for trouble. The real estate value was \$58,499. This year the white real estate is assessed at \$3,655,438 while the buildings are valued at \$3,814,720. The colored real estate is valued at \$107,360 and the buildings at \$111,593. In 1909 the assessed valuation of real estate and buildings of white taxpayers was \$7,412,999. The value of real estate and buildings owned by colored people is \$217,615, making a total of \$7,630,614.

Glavis Resumes Stand at Hearing of Ballinger Charges Before Joint Committee of the Congress Today

His Attorney Files Numerous
Documents as Exhibits in
Evidence—Senator Nelson
Sends for Copy.

Washington, Jan. 28.—When Glavis resumed the stand at the Ballinger-Pinchot inquiry today, his counsel, Attorney Brandeis, presented to the committee a long list of documents he desired to be introduced as evidence. In response to Brandeis' reference to Judge Sanford's decision in Seattle Wednesday in the Wilson coal cases, Senator Nelson said he had wired for a full copy of the opinion.

Omnibus Bill.

Washington, Jan. 28. (Special.)—An omnibus public building bill will be passed by the house this session.

Postal Savings Bank.

Washington, Jan. 28.—The report to the senate, recommending the passage of the postal savings bank bill, was decided upon by the senate post-office committee today. Senator Carter, Republican of Montana, is instructed to make report.

WHITE WASH APPLIED IN NICARAGUA MURDER

Bluefields, Jan. 28.—The provisional government today has been informed by dispatches from Managua that officers of the court-martial responsible for the execution of Cannon and Groce have been exonerated in an investigation promoted by Madrid. It is said the Madrid administration will drop the charges against the officers and no further action will be taken.

MISSION RALLY ENDS INSTITUTE

INTERESTING MEETING AT THE FIRST BAPTIST CHURCH THIS EVENING.

After splendid success the Baptist Bible institute will be brought to a close tonight with a mission rally at the First Baptist church. All the lecturers will centralize at the church instead of conducting services at the other Baptist churches. Dr. V. I. Masters, editorial secretary of the mission board of the southern Baptist convention, of Atlanta, Ga., is on the program to deliver a lecture illustrated with views of the work in the mission fields. Should he not arrive tonight the Rev. S. J. Porter, of Richmond, Va., and the Rev. J. W. Porter, of Lexington, will speak. This morning the Rev. J. W. Porter, of Lexington, delivered an eloquent discourse on "What the World Owes the Baptists." This afternoon the Rev. S. J. Porter, of Richmond, spoke on "The Beautiful Shepherd," while the Rev. J. W. Porter delivered a short lecture.

It has been decided to hold an institute next year.

LADIES UNION LABEL LEAGUE IS FORMED

The Ladies' Label league was organized last night at the housewarming held in the new Central Labor hall, Sixth street and Broadway. The league was launched last night with 53 members, but this number is expected to reach into the hundreds in a few weeks as the purpose will be to enroll the wife of every union man in the city. A charter from the American Federation of Labor has been applied for, and it will be received February 15. The league will meet next Monday night for the purpose of electing officers and completing the organization.

The league will have the motto for the women to purchase only goods bearing the Union label, and thus will seek to assist in furthering the success of the unions. The social session last night was enjoyed by a large audience of union men with their families. Impromptu addresses were made by members of the local unions, and there was general harmony reigning among all unions. Mr. P. J. Filburn, a prominent worker of Louisville, failed to arrive owing to illness of his family. However, the program of addresses interspersed with music was pleasant and helpful.

COUNTY SCHOOLS TO DISCONTINUE CONSOLIDATION

County Superintendent Fee-
zor Not Enthusiastic
on Subject.

Trustee Davis Says County is
Not Ready.

PROVES SUCCESS AT LONE OAK.

The fate of consolidated county schools in McCracken county, for the next few years at least, is in the balance, with a strong probability of the old system being restored. Today the consolidated school at Lone Oak closed its term. In the next few months the county school board will be called together for the purpose of deciding whether to continue the school next year.

The school at Lone Oak has been a splendid success, it is said, despite the fact that the people in the consolidated school district have done many things to give the school a black eye. It is the objection of the people of the county to the consolidating of the schools that may lead the county school board to continue the little school houses in every corner of the county, instead of establishing higher grade schools by combining.

The school was established at Lone Oak as an experiment by former County School Superintendent S. J. Billington, who was enthusiastic over the prospect of improving the county schools by consolidation. It was his intention to consolidate schools on a more extensive scale this year, despite the fact that he had to fight a long battle through the courts before the present consolidated school could be established. His successor, L. W. Feozor, is not such an enthusiastic worker for the consolidated schools. He said he has not made up his mind fully regarding the advisability of continuing the school at Lone Oak. However, it is generally understood that Professor Feozor will oppose the consolidation and return to the old method. This will be threshed out at a board meeting, which will be called some time in March.

Transportation.
Superintendent Feozor thinks that it is unfair to tax the entire county, exclusive of the city, for transporting the pupils in one district. This was carried to the court of appeals, however, and it was decided that it is legal for the money to be used from the school fund. "I am in favor of consolidating the county schools if the people residing in the territory want it enough to pay the cost of transportation," said Superintendent Feozor.

The transportation of the pupils has been one of the greatest troubles, as some of the people protest against their children riding three miles in a wagon to school, whereas they have not grumbled when the same child trudged one mile through the mud to school. For the Lone Oak school three wagons were necessary to carry the children to and from school. The cost amounted to about \$135 a month for transportation alone.

In speaking of the prospects of the consolidated school, W. R. Davis, one of the trustees of the school, said: "I believe that the consolidation of schools will be abolished next year simply because the people of the county are not ready for it. Some time in the next few years I believe they will see the benefits and will demand that the system be adopted in all parts of the county. It seems unfortunate that the school at Lone Oak should be discontinued, as it has been a success, despite its adversities."

Arcadia Election.

Tomorrow the election of five trustees for the purpose of establishing a graded school in Arcadia will be voted on by the residents of the districts. Each voter will vote for five men, who will be elected for terms of various lengths according to the vote. The names of the men appearing on the ballots are: Dr. E. B. Willingham, W. W. Buchanan, W. R. Davis, Henry Schmaus, Thomas Scoops, Henry Schneitman, John Theobald, Jr., Jack Cole, J. McQueen and S. B. Caldwell.

Concert at Fountain Avenue.

The Senior Baraca class of the Fountain Avenue Methodist church will give a concert Tuesday evening, February 1, at 8 o'clock, in the Sunday school room of the church. The class will be assisted by Miss Elizabeth Graham, reader, Miss Sarah Rogers, soprano, Mr. Roy Bonds, cornetist, Mr. John Hardy, bass, Mr. Robert E. Pierce, violinist, and the North Side orchestra of eight pieces. Miss Marian Williamson, pianist. A free will offering will be taken for the benefit of the Baraca class, mission free. The public are invited.

CHILDREN KILLED.

Cleveland, O., Jan. 28.—Several children were injured and six probably fatally this morning when a Lake Shore passenger train, running at 45 miles an hour, struck a bus loaded with small boys and girls on their way to school at Andover, Ohio. The vehicle was thrown almost 100 feet and reduced to splinters. The exact number of injured is unknown.

VAN BURNETT WILL REST IN OAK GROVE

POPULAR MAN DIES OF TUBER- CULOSIS AT HIS HOME AT LA CENTER.

Word was received here this morning of the death of Mr. Van Burnett, at La Center, of tuberculosis. The body will be brought here on the 7:45 train tomorrow morning and will be taken directly to Oak Grove cemetery, where the Rev. W. A. Fite, pastor of the First Christian church, will conduct the services. The pallbearers will be Messrs. Sidney Lemmon, Rodney Davis, Samuel Skinner, Edward Gilson, Clarence Bennett and Ben Wellie.

For a number of years Mr. Burnett clerked at Wellie's store and he had many friends in this city. More recently he had worked at Cairo, but the disease, which finally ended his existence, confined him to his home for some time before his death. He was about 40 years old and is survived by his mother, Mrs. Mary Burnett, and three brothers: Messrs. Augustus Burnett, of Blandville; Emmet Burnett, of New Orleans, and Cliff Burnett, of Dallas, Texas.

Mr. Burnett was born in Water Valley and later came to Paducah, where he lived for twenty years. Eighteen months ago he resigned his position with B. Wellie & Son and went to Cairo, where he worked for Solomon. His health forced him to give up his work and several weeks ago he went to La Center.

GENERAL COUNCIL TO MEET THIS EVENING

Both boards of the general council are called to meet tonight to pass the budget ordinance, which was unanimously approved by the joint finance committee, and will be reported by that committee at the meeting.

ARRESTS RESULT AFTER AUTOPSY

INSURANCE AGENTS AT LOUIS- VILLE ARE CHARGED WITH FRAUDS.

Louisville, Ky., Jan. 28. (Special.)—John J. Keane, Timothy T. O'Leary and Patrick J. Needham, local insurance agents, charged with being principals in a gigantic and ghastly insurance swindle, were arrested by detectives late yesterday, and held to the grand jury under \$5,000 bail. Keane is a transient officer under the school board.

The autopsy on Rider showed he had tuberculosis and Bright's disease. Dr. William R. Richards of New Albany, coroner of Floyd county, Ind., and a former medical examiner of the National Life, said he had signed health certificates for applicants for life insurance, whom he had never seen, but claimed he had been assured by the agents of the companies they were good risks. He knew nothing of the frauds.

Infant Dies.

Little Cypress, Ky., Jan. 28. (Special.)—The five-months-old son of Mr. and Mrs. George Downing died yesterday afternoon after an illness with meningitis. The funeral and burial took place today at Birmingham.

Chicago, Jan. 28.—It became known today that the deliberations of the grand jury in the meat trust inquiry will use almost all of next week, considering the organization, of the National Packing company, Assistant Attorney General Waddell is now back in Washington, and the inquiry is running smoothly again.

This Free Remedy Helps Sickly Babies

Babies and children suffer mostly from the stomach. There is something wrong with the milk or with the eggs or with the minor articles of food, for it doesn't take much to disturb a child's stomach. One thing the mother can always be sure of and that is that no harm can come from giving a small dose of a mild laxative, for it is sure to be better off for it. You know your own feeling of lightness and ease when that function has been performed, so how much more important is it to the child?

Watch carefully that your child does not become constipated, for if it does not have at least one or two movements of the bowels each day it is constipated. From constipation comes headache, a feeling of oppression, bad breath, nausea, sour stomach, etc. In these troubles you can obtain nothing better than Dr. Caldwell's Syrup Pepsin. Give it in the small doses prescribed for children and watch the sickly child become healthy and well, full of appetite and energy.

Mothers all over this country have been using this remedy for a quarter

of a century and many heads of families like Mr. C. L. Lynch of Billingsley, Ala., and Mrs. Amanda Black of Jaura, O., would not keep house without it. They have long ago discarded tablets, pills, salts and such things for the milder, more gentle and more effective Dr. Caldwell's Syrup Pepsin, which every member of the family, from the youngest to the oldest, can use with safety. It is in the homes of more families today than any other laxative, but if you have never used it Dr. Caldwell urges you to send him your name and address and he will send you a sample bottle free of charge. If its use convinces you that it is the remedy you have been looking for then buy it in the regular way of your druggist at fifty cents or one dollar a bottle, just as so many others are doing.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, R. 507 Caldwell building, Monticello, Ill.

WHO STARTED BEEF PROBE

FORCED JUDGE LANDIS TO BEGIN THE INVESTIGATION

Jurymen Got Their Data at Previous Investigation and Threatened to Make Public Statement

WADE ELLIS REACHES CHICAGO

Chicago, Ill., Jan. 28.—Four members of the federal grand jury which investigated the so-called "beef trust" in 1908 forced the government, through Judge Landis, to start the present probe, according to a report current here today.

Assistant Attorney-General Wade H. Ellis, who spent the day here, denied that there was any friction among the government officials concerning the present investigation and also stated that District Attorney Edwin W. Sims would remain in charge.

Concerning the inception of the present action, it is said that there would have been none had the four dissatisfied jurymen not sought the aid of Judge Landis. This quartet, it is said, was willing to indict the packers in December, 1908, and finally became so indignant over the increasing price of meat that they informed Judge Landis that they thought it was time for the government to begin another action.

The report of the four jurors alleged that there was sufficient evidence submitted to the 1908 grand jury to warrant true bills and that in the face of this there was a sudden pathy on the part of those behind the prosecution.

No Friction in Inquiry.
They also said that if the investigation was not immediately renewed they would make a joint statement to the public setting forth their theory of why the prosecution had been dropped.

Following the jurors' complaint, Judge Landis is said to have made the investigation that resulted in the present action being started. Judge Landis, it is said, got in touch with the evidence submitted to the 1908 grand jury and determined that the present action shall not be nullified by influences arising outside the grand jury room.

In his statement concerning the purpose of his visit here and the scope of the present investigation, Mr. Ellis said:

"I have spent the day in conference with the United States district attorney and his assistants, and in a call upon Judge Landis, whom I have known pleasantly for many years. There is no friction whatever in the beef inquiry."

Will Be Criminal.
"The department of justice has been at work for five or six months investigating the developments of this meat industry since the last action by the government, and especially the relation of the situation to the prices of food and products, with a view of ascertaining whether a cause of action now exists. The investigation will be conducted under the anti-trust statute and may be either civil or criminal."

The proceedings now before the federal grand jury of this district are in line with the investigation. Ordinarily cases presented to the grand jury for trial in the courts are wholly within the routine duties of the United States attorney.

"Where, however, the subject of inquiry affects the country at large, and especially where it involves the complaint of a violation of the anti-trust statute having a more than local effect, the attorney-general exercises a special supervision. He is

INSOMNIA
Leads to Madness, if Not Remedied in Time.

"Experiments satisfied me, some 5 years ago," writes a Topeka woman, "that coffee was the direct cause of the insomnia from which I suffered terribly as well as the extreme nervousness and acute dyspepsia which made life a most painful thing for me."

"I had been a coffee drinker since childhood, and did not like to think that the beverage was doing me all this harm. But it was, and the time came when I had to face the fact, and protect myself. I therefore gave up coffee abruptly and absolutely, and adopted Postum for my hot drink at meals."

"I began to note improvement in my condition very soon after I took on Postum. The change proceeded gradually, but surely, and it was a matter of only a few weeks before I found myself entirely relieved—the nervousness passed away my digestive apparatus was restored to normal efficiency, and I began to sleep restfully and peacefully."

"These happy conditions have continued during all of the 5 years, and I am safe in saying that I owe them entirely to Postum, for when I began to drink it I ceased to use medicines." Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

EQUITABLE-STANDARD-POLICY

DO you know that THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES issues a policy which, at maturity, instead of being paid to the beneficiary in one lump sum, provides a *monthly income for life*? It is called a LIFE INCOME POLICY, and is well worth investigation.

Do you know that the Society has introduced a new policy of this kind, which provides a life-income not only for a man's wife or daughter, in the event of his death, but for his *own support* in after life, if he lives?

It works either way. It will protect *you* if you live. It protects your *wife* if you die. And if you both live it protects *you* both.

particularly charged by the law with the enforcement of this act, and my duties in this behalf are also fixed by statute under his direction.

Will Keep in Touch.
"There will be no change in the present instance. Mr. Sims, in whom the attorney-general has entire confidence, will present his testimony to the grand jury. After this testimony is in, I have no doubt the grand jury will do its full duty, both to the government and those against whom such testimony may be adduced."

"During the progress of the inquiry I expect to keep in touch with it; to come to Chicago whenever it may seem necessary to participate, either now or later, in any way that shall seem advisable."

News of Theatres

George Rock, the Paducah boy who has won more than local fame as quite an excellent comedian, is to appear at the Kentucky Friday and Saturday nights (and Saturday matinee) in the one-act comedy, "Cab 23." This is an adaptation of one of the Clibby Collier's most successful English comedies, and is one of the funniest plays ever written, and in it Mr. Rock has a part that is most peculiarly adapted to his style and abilities; and those who have seen rehearsals predict a big hit for him in the part. The play runs an hour and is offered at ten cents admission. Two performances will be given each night and a matinee Saturday at 3 o'clock.

Men, women and children alike testified to the comedy appeal and immense success last season of "The Newlyweds and Their Baby," the big musical show that comes to the Kentucky on Monday, January 31. The stage version of George McManus' famous cartoons makes a hit well worthy of the newspaper success already scored by the Newlyweds, the most popular of all cartoon creations. Diminutive James E. Rosen, the midget comedian who plays the diverting role of little Napoleon Newlywed, and also that of Major Knott Much, who is substituted for little Napoleon at a certain critical moment in the play's story, is the

leader in assuring success for "The Newlywed and Their Baby."

An attraction of unusual interest will be presented at the Kentucky February 2, when "Graustark" will be seen again. Dramatized by Geo. D. Baker from Geo. Barr McCutcheon's novel of the same name, it is a clean cut, clever and interesting play of love and intrigue and abounds with sensations and thrilling climaxes.

SOUR STOMACH
Mi-o-na Puts the Stomach in Fine Shape in Five Minutes.

If your stomach is continually kicking up a disturbance; you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.

Mi-o-na stomach tablets give instant relief, of course, but they do more; they drive out the poisonous gases that cause fermentation of food and thoroughly clean, renovate and strengthen the stomach so that it can readily digest food without artificial aid.

Mi-o-na stomach tablets are guaranteed to cure indigestion, acute or chronic, or money back. This means that nervousness, dizziness and biliousness will disappear. Druggists everywhere and Gilbert's drug store sell Mi-o-na for 50c.

HE'LL BE GOOD

UNRULY PRISONER GETS STRAP AT EDDYVILLE.

Charles Heybeck Declined to Obey Orders Upon His Admittance.

In less than 30 minutes after becoming a convict at the Eddyville penitentiary, Charles Heybeck, colored, received a sample of corporal punishment that will make him a model prisoner for his term. Heybeck was taken to the penitentiary this week to serve a sentence of five years on a charge of robbery. He has been in trouble constantly and almost as rapidly as the jailer would release him from a cell he would soon be towed back to prison.

While making the trip to the pen, Deputy Sheriff Charles Clark remarked to Heybeck about having to be good at the Eddyville boarding house. He revolved at the idea and in many words told his plan of revenge should any of the guards attempt to give him a whipping. Soon after reaching the state prison Heybeck became unruly, while going through the regular procedure of getting his stripes. Guards warned him, but it increased his anger, and then he was taken out to the whipping post. Strong arms held the wriggling body of Heybeck while straps were adjusted and then some good old fashioned licks were presented as an extra course in the initiation.

Heybeck was cured of all desire to run things himself. When Deputy Sheriff Clark bade him good-bye Heybeck said: "Mistah Clark, I sho is gwine to be good from now till my term is out."

TO THE PUBLIC.

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation. W. J. Gilbert, the druggist.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

Dandruff is a contagious disease, which is largely due to a destructive microbe, which when left to pursue its course causes itching scalp, falling hair and baldness. Dandruff is carried by the microbe affecting the glands which produce the sebaceous matter, which latter then unnaturally dries up and scales off.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

Rexall "93" Hair Tonic is entirely free from grease or sediment, is exceedingly pleasant to use and will not gum the hair or permanently soil the clothing or pillows. We exact no obligations or promises—we simply ask you to give it a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember you can obtain it in Paducah only at our store.—The Rexall Store.—W. B. McPherson, Fourth and Broadway.

ELEVEN PERSONS ARE INDICTED

TRIED TO PERPETRATE FRAUD OF \$254,000 ON CHICAGO.

"Shale Rock" Scandal Was at First Believed to Be Limit of Graft Probe, But Another

SCHEME WAS UNEARTHED

Chicago, Jan. 28.—Paul Redieske, resigned deputy commission of public works; Mitchell H. McGovern, wealthy contractor, who has had many big city contracts, and nine city officials and employees of McGovern were indicted by the county judge today. These men are charged with conspiracy to defraud the city out of \$254,000, according to the sum mentioned in the true bill. The indictment on this charge came as a complete surprise, as it was believed the alleged frauds involved only about \$45,000 in the so-called "shale rock" scandal.

The men indicted, besides Redieske and McGovern were: Otto Niehoff, secretary to McGovern; Max Landguth, former superintendent for McGovern; Geo. Moore, foreman for McGovern; Ralph Bonnell, resigned city engineer; John C. Parks, assistant city engineer; Robert Green, foreman for McGovern; Richard Burke, John McNichols, Joseph Maher, city inspectors, in the engineer's department.

The indicted men are specifically accused of conspiring to defraud the city by laying only one-sixth of the concrete and brick work called for in the contract for the construction of section N, of the Lawrence avenue tunnel.

The Merriam commission which has been investigating municipal expenditures, brought out the fact that the city had been charged about \$45,000 for cutting out "shale rock" in section D of the tunnel. The "shale rock" proved to be only hard clay. The evidence concerning the alleged \$250,000 fraud upon which the indictments are based, was not brought out by the commission. In the indictment the men are charged with trying to obtain nine warrants for the payment of \$254,000 by the city of Chicago.

FIELD SECRETARY

TO BE EMPLOYED BY KENTUCKY TUBERCULOSIS SOCIETY.

Meeting Held in Connection With State Conference of Charities and Corrections.

Frankfort, Ky., Jan. 28.—At a meeting of the Kentucky Society for the Prevention of Tuberculosis this afternoon it was decided to employ a field secretary, who shall be engaged all the time in the work of the society. The executive committee was authorized to employ the secretary and will meet in Louisville in a few days to select a suitable man for the place. The work of the society was discussed and it was found that the society has available from the sale of Christmas stamps about \$1,300. The meeting of the Anti-Tuberculosis society was held in connection with the state conference of charities and corrections, which began here. The conference is well attended and much interest is being shown. Dr. H. G. Enelow was unable to be present on account of a severe cold.

At the meeting this afternoon Edward N. Clapper, secretary of the national labor committee for the Ohio valley states, made a report. This part dealt with working of children in the tobacco fields and tobacco factories. He also strongly opposed night work for boys as messengers and said a messenger should be 20 years of age, as he comes into contact with the lowest phases of life in delivering messages at night.

Defer not till tomorrow to be wise
—Congreve.

THE MEAT BOYCOTT.

The meat boycott has been on
about a week. The packers have
taken advantage of the situation to
beat down the price of stock on foot
and farmers, frantic over the outlook,
are making their stock to the market
faster than it can be handled. Now,
a Kentucky legislator in the hope of
hurting the beef trust, introduces a
measure to prohibit the sale of beef
more than 72 hours old, which would
keep refrigerated beef out of com-
petition with the home butchered
meat—and where does he think the
price would go then?Some one suggested that the tariff
causes the high price; but the de-
partment of agriculture estimates
that the tariff on butter, for instance,
is three cents, and the difference be-
tween the prices in Canada and the
United States is about fifteen cents.
Moreover the export of farm products
and meat have fallen off a hundred
million dollars in ten years, indicat-
ing that more of the meat and farm
products are going into domestic con-
sumption now than ever before. Evi-
dently the supply is larger; is it not
then equally certain that the demand
has increased to an even greater ex-
tent?If the beef trust is taking such
large profits out of the handling of
the meat, robbing the farmer on the
one hand and the local butcher on
the other, why cannot the local
butchers beat the trust at the game
by killing their own hives and un-
dermining the trust?They can't do it, because the pack-
ers make their big profits off the sale
of by-products, and are able to meet
the local butchers' conditions on
their own grounds.The beef probe probably will un-
earth some unethical conditions in
connection with the trust, that will
give us a better grasp on the ques-
tion of controlling gigantic corpora-
tions and take us a step nearer the
solution of our complicated economic
questions; but the fact remains, that
the urban population overbalances
the rural population, and we must
lend our efforts to restoring the
balance.Nor must we allow our interest in
the subject to exhaust itself on the
beef issue. It goes deeper than the
mere excessive price of this food.
Temporary makeshifts will not meet
the requirements. We must face the
necessity of conserving resources, re-
claiming land, developing soil pro-
ductiveness, and saving up our fuel
and water rights, lest future genera-
tions be confronted with a situation
more distressing than the price of
meat.

SAVE THE WATER POWER.

Unless we are mistaken in our
source of information, Stewart Ed-
ward White in an excellent article in
this week's Saturday Evening Post,
does former President Roosevelt an
injustice when he declares Mr. Roose-
velt believes the executive has au-
thority to withdraw land perempto-
rily from entry. We think Mr.
Roosevelt held just as President Taft
and Pinchot held, that the president
is justified in overstepping the bounds
of authority and withdrawing land
until congress has had time to act.That brings us to an important
point, illuminated by Mr. White's
article; that we are not so much con-
cerned with what congress does about
this Ballinger-Pinchot controversy as
we are with what congress does about
legislation to make permanent whatthe executive has started in the way
of saving the water power from the
exploitation of monopolists. It is not
sufficient, as he says, to prevent jobs
being put through. We need some
affirmative legislation on the subject,
and the way to get it is not to abuse
or praise the president, but to in-
form your congressmen and senators
personally that you demand their
votes for conservation, and let them
know that you understand the sub-
ject and are not to be deceived.

HIS PREDECESSORS.

In his salutary A. A. Cross, new
editor and proprietor publisher of
the Benton Tribune-Democrat, has
this to say of his predecessors, who
are well known locally:"There is J. R. Lemon, that genial
apostle of sunshine, of laughter, and
of song, whose graphic pen painted
pictures for the admiring and ap-
plauding public and whose flashing
wit and humorous good-nature have
so long, and continues still, to charm
the newspaper world."There is W. M. Oliver, that legal
giant, whose fertile imagination, and
untiring energy, made him such a
factor in moulding public sentiment,
and shaping the destinies of political
aspirants for official position, and
whose recognized ability has played
such a conspicuous part in the an-
nals of Marshall county."And last, but not least, is our
immediate predecessor, Judge E.
Barry, who, from the humblest sta-
tion in life, has, by his energy, in-
dustry and close application to du-
ties, been elevated, by his people to
the following prominent positions of
trust, all of which he filled with
credit to himself, and honor to the
people whom he served: County
school superintendent, county judge,
representative in the state legisla-
ture, administrator and receiver of
large estates, president Benton Hotel
company, president Benton Frater-
nity company, president of County
School Improvement league, and
member of executive committee state
press association. We are loth to
give him and his interesting family
up, knowing full well how difficult
it will be to fill their places. We
commend them most heartily to the
people with whom they have decided
to cast their lot, wishing them
health, happiness, long life and pros-
perity in abundance."

READING CHARACTER.

We often hear people boast of
their ability to read character in a
face, as though dimensions and pro-
portions of the lineaments bounded
the scope of emotions and impuses
as they limit the play of expressions.
Reading character in the face is not
a matter of skill, but of opportunity.
Who can gaze into a face swept by
the storms of a hundred daily anxie-
ties, dimly expressing the tumult of
a thousand secret emotions, reflect-
ing the sunshine of untold outward
influences, showing forth constantly
the composite results of all the
sounds, sights, tastes, smells and
contacts within the range of the
senses, and tell whether that nature
is all winter, or all summer, or what
firmness underlies the changing sur-
face signs?But there are times when self-con-
sciousness is gone, when the eyes
cease to look out with the vision of
an onlooker, and retreating purpose
relaxes its hold and lets the mouth
drop into natural repose. Then one
may look, and read the conduct of a
fellow being interpreted in terms of
character, altering, perhaps at a
glance, the impressions of a life
time. Occasionally, a photograph
catches this reposeful expression,
one, it may be, his friends have never
seen; and looking at it they may
say in wonder, "we never knew he
was that sort of man."

PROTRUDING BOARD

STRIKES ENGINEER IN EYE AS
HE LOOKS OUT CAB.When a board protruding from the
roof of a freight car struck him,
Engineer S. D. Watkins, of the night
switching crew in the north freight
yards of the Illinois Central railroad,
had a narrow escape last night from
losing the sight of his left eye. For-
tunately the board caught only the
lower lid, which was lacerated, but
his eyeball was not injured.Engineer Watkins was on switch
engine, No. 209, and was switching
cars about 9:30 o'clock in the yards.
His locomotive was backing and a
string of box cars was standing on a
side track. A board in the roof on
one of the freight cars had slipped
down and was extending out about a
foot from the car. Engineer Wat-
kins was in his cab and as he looked
out the cab window the board struck
him in the eye. The lower lid was
caught and torn loose and folded
back like a flap on a tent.Watkins went to the railroad hos-
pital, where it took the house sur-
geons about two hours to remove the
splinters from his eye and to replace
the lid in its position. His sight will
not be impaired, although it will take
considerable time for the injury to
heal.With one side of his face scalded,
J. K. Cantrell, an employee of the
Princeton force, was brought to the
hospital last night. He was scalded
by steam shooting out from a steam
hoist.

GOT THE DOG

BUT OWNER LEFT OPENING
FOR THE OTHERS.A wholesale delivery of dogs from
the city pound, at the rear of the
new central fire station on Kentucky
avenue was made sometime last
night and this morning Mounted Po-
liceman Lycurgus Rice discovered
that 32 canines had escaped.Through an opening made by a
plank being torn away, the dogs
were liberated and the police are in-
vestigating the case. On counting
the dogs this morning Patrolman
Rice found 32 of them safe, and it
is thought the delivery was made a
short time before the discovery.Sixty-four dogs were housed up
last night in the house, which is
built against a plank fence at the
rear of Tony Iseman's stable on
Third street between Kentucky av-
enue and Washington street. An un-
known man, it is said, discovering
his dog had been taken up, knocked
a plank from the fence and entered
the dog house. He found his pup
and left, going through Iseman's
stable with the animal in his arms.
Dogs began pouring out of the
house and scattering in all direc-
tions. Many that stayed near the
pen were caught this morning and
locked up again.Mr. Rice is working on a clew and
hopes to find the boy or man. He
is inclined to believe that the plank
was torn away for spite work.Dogs are being taken in every
day and will be drowned Saturday in
the river. The carcasses will after-
wards be buried somewhere outside
the city limits.

SECOND SEMESTER

For the purpose of enrolling pu-
pils into the public school Superin-
tendent J. A. Carnegie will be in
his office all day tomorrow. All par-
ents having children over six years
old are urged to go in the morning
if possible. A large number of new
pupils are entering the schools. Par-
ents are urged to accompany their
children, so that information neces-
sary for the enrollment may be se-
cured. All children must be vac-
cinated before they can be admitted.This afternoon all the pupils re-
ported at their schools for the pur-
pose of receiving their credits for the
past semester. Figures as to the
number of pupils promoted have not
been obtained yet, but the semester
was one of the most successful ever
taught, despite the fact that a scare
about contagious diseases interfered
with the attendance several months
ago.All the schools will open Monday
morning for the second semester.LEE HAGADORE RESCUED
FROM DROWNING AT FLEETLee Hagadore was rescued from
drowning about 6 o'clock last night
at the Ayer & Lord Tice company's
fleet by Herbert Barksdale, John Mc-
Fadden and John Coffey, who were
returning from a fishing and hunt-
ing trip to Illinois. The trio were
in the launch Aberdeen and were
cruising up the Tennessee river,
headed for the N. C. & St. L. wharf-
boat, when they heard cries from the
fleet at the Tennessee island. They
immediately turned and a few min-
utes later pulled Hagadore, half
drowned, from the river. He had
been placing lights on the barges
when he slipped from a gunwale
and fell. He caught a rope and
clung to it until nearly exhausted
and was pulled out just as he re-
leased his grip. Hagadore is the night
watchman on the towboat Russell-
Lord.

THE LEGISLATURE

(Continued from Page One.)

cinct showed that but 17 Democrats
had voted, although there were more
than 50 Democratic voters in the
precinct. The Democratic candidate
for jailer, the report says, went
home after the armed force under
Callahan had taken charge, and did
not get to vote. Various other irregu-
larities are reported, but in the pre-
cinct above referred to the grossest
irregularities occurred. In the Spring
Bank precinct and the John B. Lewis
precinct the polls were open but five
hours, says the report, and the John
B. Lewis precinct vote was not
counted.In the Oakdale precinct, it is said,
the election was fair.
Mr. Evans, who is ousted by this
report, according to the original re-
turns, defeated R. C. Hill by 57 ma-
jority.

A Minority Report.

W. L. Shearer, of the contest com-
mittee, a Republican, filed a minority
report in which he showed that
the clerk in the John B. Lewis pre-
cinct had testified that he was as-
saulted and robbed of the tally
sheets, etc., about 5 o'clock in the
morning while on his way to the vot-
ing place.Mr. Shearer said that, in his op-
inion, the irregularities on both sides
were numerous, and that he does not
believe in recognizing irregularity in
one case and failing to do so in
another.Representative Waggoner, of Henry
county, said that the report showed
corruption on both sides; that he be-
lieved the committee is an honest
one, but that the house should, if it
do what is right, order another elec-
tion in Breathitt county.Mr. Southall, of the contest com-
mittee, insisted that the members had
acted conscientiously and faithfully.
Mr. Southall spoke at length and said
that nowhere in Kentucky had such
glaring election outrages ever before
occurred. He said that six of the
seven members of the committee had
signed the report.Mr. Southall opposed the motion
of Mr. Waggoner that the matter be
referred back to Breathitt county for
another election.Mr. Owens, of Jefferson county,
said that he thought the house should
uphold the report of the committee.
The minority report, made the charge that
not only Dr. Evans, the contestee,
but that R. C. Hill, the contestant,
is, in fact, a Republican.Mr. Shearer insisted that, despite
admitted illegal voting, Dr. Evans
still had a majority. He said the
Democratic clerk of the John B.
Lewis precinct had no doubt de-
stroyed these ballots at the instance
of men higher up, and that they were
not stolen from his as alleged. He
said that this clerk's story was not
substantiated.

Col. Chinn in the Game.

Col. Jack Chinn said that, in stand-
ing by the majority of the committee,
he was reminded of the action of the
Republicans in ousting Mose Kauf-
man in the Hunter fight for the sen-
ate. He said he admitted the action
of the Republicans and of the Demo-
crats now.Mr. Holland spoke in favor of the
majority report.Mr. Waggoner said that Breathitt
county has some of the best citizens
known to this country, and that the
contests should go back to that
county.

Wants Another Election.

Mr. Harris, of Louisville, recalled
that in 1906, in the Slatery-Bern-
heim contest, the majority report
was rejected and the minority accepted.
He paid a tribute to many of the
people of Breathitt. He insisted that
another election be ordered.On a motion to adopt the minority
report of Mr. Shearer the vote result-
ed, yeas 21, nays 64.The written motion of Mr. Wag-
goner to the effect that the seat of
the member from Lee, Magoffin and
Breathitt is vacant, and that another
election be held, was then voted
upon. It was defeated by a vote of
63 to 24.The majority report was then
adopted by a viva voce vote.

Educational Bill.

A good-natured fight was precipi-
tated in the house by the introduc-
tion by Mr. Bradley, of Scott county,
of the much-mooted school suffrage
bill for women. Mr. Bradley asked
that the bill go to education No. 2,
because there is an educational clause
in the bill. This was objected to. A
roll call was demanded and the house
refused to send the bill to education
No. 2, which is said to be favorable
to the measure. It was then referred
to the committee on suffrage and
elections, which is said to be hostile
to the bill.The lobby of women who have
been here in the interest of the bill,
headed by Miss Laura Clay and Mrs.
Desha Brockbridge, of Lexington,
will now direct their energies toward
getting a favorable report from a
committee said to be unfavorable
to it.Mr. Pirtle—That all elective offi-

White Goods Sale

It has always been our pleasure to give the ladies of Paducah and vicinity each year a feast of white goods bargains—at this time of year. A sale of everything in White that one could desire. Values unequalled in quality and low prices by any they could buy elsewhere. Each year they look forward to this event and lay in all their immediate and many future needs. This year it behooves you more than ever to buy during this sale for special price concessions will be made that cannot be duplicated later. We promise you this year, a bigger selection and better values than ever. It is not necessary to say when we bought the goods and how we got them, etc.—suffice it to say we have the goods and a look will convince you. The date of our Annual Saving Sale of White will be announced in a few days. Begin today planning what you will require this spring in white goods, wash goods, laces, muslin underwear, embroideries and all household linens—make a list and watch for the big event.

IN SOCIAL CIRCLES

Pretty Wedding of Paducah Man and Princeton Girl.

The Caldwell County News of January 27, says of the Pickering-Phillips wedding in Princeton: "The marriage of Miss Ruth Chlorine Pickering to Mr. George Johnson Phillips which took place yesterday afternoon at the Central Presbyterian church in this city was one of the prettiest church weddings that has been witnessed here for some time. The Rev. R. H. Anthony, pastor of the church, officiated. The ceremony was performed in the center of the altar and beneath a large white dove, that was perched at the point where two long white ribbons that were suspended from the ceiling on either side of the pulpit, came together. Above the dove had been placed the letter 'P.' The church was beautifully decorated and lighted for the occasion, the rostrum, in front of which the marriage took place, was artistically decorated in a profusion of palms and ferns and dotted here and there were Cathedral candelsticks which gave a lovely glow and added to the beauty of the event. Just as the clock marked the hour of 3:15 o'clock the bridal party entered the door, little Miss Louise Cole, who acted as ring bearer, entering first. She was followed by the bride who was attended by her brother, Mr. Fred Pickering, and following them came the groom, attended by Mr. Frank Pickering, another brother of the bride's who acted as best man. The party separated at the door, and to the sweet strains of the beautiful wedding march, Lohengrin, played by Mrs. M. R. Kevil, the bride leaning on her brother's arm gracefully moved down the right aisle, immediately behind the little ring bearer, who carried the ring in a Calla lily and preceded them to the altar where the three were met by the groom and best man who marched down the left aisle. As the party met the bride was given away by her brother and the happy couple were faced by Rev. Anthony who, in one of the most appropriate and impressive ceremonies that it has been our pleasure to hear, united the lives and destinies of Miss Pickering and Mr. Phillips. Miss Pickering wore a beautiful gown of cream satin trimmed in gold and pearls and carried a shower bouquet of lilies of the valley. The groom and best man were attired in the conventional black. Messrs. Clifton Hollowell, Sam Koltinsky, Hubert Young and Hugh Hunter acted as ushers in seating the packed house that witnessed the affair. Three vocal pieces of the bride's own selection were beautifully rendered by the choir before the ceremony took place. The bride is the daughter of Mrs. Elizabeth Pickering and comes of one of the oldest and most prominent families in Caldwell county. She is beautiful and very attractive and is one of the most beloved girls in all the city. The groom is the son of Capt. and Mrs. J. M. Phillips, of Paducah, and is popular and widely known. He is associated in business with his father, who has control of the floating stock of the Illinois Central railroad from Pittsburgh to New Orleans. Mr. and Mrs. Phillips left on the afternoon train for New Orleans and other southern points, where they will spend the winter. They will make their future home in Baton Rouge. They were the recipient of many beautiful and costly presents.

"Backward, turn backward O, Time, in your flight, Make me a child again Just for tonight."

Tables were arranged about the rooms and a number of clever contests were featured in making words and in picturing familiar songs. The song contests were dainty pen and ink sketches of charming little musical cherubs that made attractive souvenirs and were contributed by Miss Happy Newell, of Paris, Tenn. A delightful supper was spread picnic style and the partners for supper found by matching pictures of noted men. Quite a number of guests were present.

Junior Warden Missionary Society.

The Junior Warden Missionary society of the Broadway Methodist church will have its regular meeting for January on Saturday afternoon at 3 o'clock in the ladies' parlor at the church. It is important that all the members should be present as the Missionary year is nearing the close and the pledges will have to be met.

Delightful Magazine Club Meeting.

The Magazine club was most beautifully entertained on Thursday afternoon by Mrs. Louis M. Rieck at her home on Jefferson street. A red and white motif was attractively carried out in the decorations, in the delicious two-course luncheon served after the magazine reports. The fees were a charming idea, they were in the form of miniature magazines and with the names of the magazines kept in red letters across them. Red carnations decorated the luncheon plates.

The reports included: The North American Review, "An Appeal of Politics to Women," by Mrs. George C. Wallace, "Richard Watson Gilder," by Brander Matthews—Miss Helen Bullitt Lowry.

The Outlook—Mrs. Hal Corbett, Mrs. W. F. Bradshaw, Jr. The Century, "The Sentinels of Silence,"—Mrs. Earl Palmer. "The Drama of Moral Force"—Mrs. J. A. Rudy.

Mrs. Stall, of Denver, and Miss Evans, of Ohio, were out-of-town guests.

Instructive Program By Educational Department.

The Educational department of the Woman's club is meeting this afternoon at the club. The program is an interesting discussion of live educational topics with musical features.

Hospital League With Mrs. Williamson.

The Hospital league meets with Mrs. Harry Williamson this afternoon at her home, 528 North Sixth street.

Beautiful Card Party For Popular Visitor.

A beautifully appointed party was Miss Hazel McCandless' Rose Euchre on Thursday afternoon in honor of Mrs. A. J. Goodson, of Dixon, the guest of Mrs. J. B. Bartee.

Enjoyable Occasion.

Mrs. J. A. McCollum, 523 Elizabeth street, celebrated Thursday in honor of the ninth birthday of her son, Master Verne Wade. The teachers of the Franklin school were entertained at 12 o'clock luncheon. The color scheme, pink and white, was prettily carried out with carnations. The centerpiece was a beautiful white birthday cake, decorated with pink and white wax tapers. A three-course luncheon was served and cake and hot chocolate with whipped cream. Tall vases with white and pink carnations decorated all the rooms. Those present were: Prof. M. Ligon, Miss Rose Plourney, Miss Ethel Mitchell, Miss Lucy Scott, Miss Elsie Howescher, Miss Bessie Karnes, Miss Clara Winston, Miss Mabel Roberts, Miss Bertie Leonard, Mrs. Sam Cohen, Mrs. J. A. McCollum, Mrs. Eliza McCollum, Miss Mae Farmer, Mr. Harry Cohen, Mr. John McCollum, Mr. Maurice Cohen.

Pink and white carnations were given as souvenirs of the occasion. In the afternoon from 2 until 5 o'clock Master Verne entertained a number of his little friends with a party. Delightful games were played. At 3:30 o'clock a delicious three-course luncheon was served. Those present were: Misses Mary Doyle,

Oiga Vogt, Elizabeth Yarbro, Maggie McFadden, Marguerite Yarbro, Frances Yarbro; Masters Preston Barkdale, Jimmie Smith, Max Cohen, Joe Humphrey, Roy Johnstone, Graham Smith, Robert Humphrey, Gordon Finney, Harry Johnstone, Rob McKinney, Verne Wade, Leonard Smith, Miss Mae Farmer and Miss Annie Mae Yarbro and Mr. Maurice Cohen and Mr. John McCollum were the junior chaperones.

Mrs. Sam Cohen, Mrs. J. A. McCollum, Mrs. Fred Smith and Mrs. Eliza McCollum, of Kuttawa, were the senior chaperones. The young host received a number of gifts in remembrance of the occasion.

Art Department Tomorrow.

The art department of the Woman's club will meet in regular session at 10 o'clock Saturday morning at the club house. The program will include several papers concluding the discussion of the genre painters of Holland.

Pleasant Social Evening.

The Social committee of the Broadway Methodist church entertained in a delightful way last evening in the League parlors of the church upstairs. The double rooms were prettily decorated with carnations in a color-motif of pink and green. Two large dolls dressed in pink were suspended from the center chandelier and attached to each was a card saying:

Winter is not over yet and you can get a pair of our heavy shoes that will keep your feet warm and dry.

thern, Miss Nella Hatfield, Miss Willie May Rascoe, Miss Alma Kopf. The latter part of the afternoon was an informal musical program delightfully rendered by Mrs. Goodson, who is a charming musician. She gave some artistic vocal and piano numbers.

The guests were: Mesdames A. G. Goodson, J. B. Bartee, Percy Paxton, Harry Williamson, Henry Rudy, Charles De Werthen, Robert MacMillen, David Koger, John J. MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

NURSES OF STATE HAVE A MEASURE

PROVIDING FOR EXAMINATION BY BOARD.

One Then Must Be Registered Before Taking Employment in Kentucky.

PROVISIONS OF THE BILL

Frankfort, Ky., Jan. 28.—While a nurse bill is pending in the legislature not so much fuss is being made about it as at the last session, due probably to the absence of the lobby that brought the measure into such prominence then. The previous bill having died in the rush of the closing days of the last session, may be the reason that the advocates of the pending bill are trying to "gunshoe" this one through. At any rate very little is heard of it, though it is with some new exceptions the same measure.

It is said by those who claim to know that the nurses who are affected by it are only waiting for its enactment to raise the present charge of \$2 a day to \$4 a day, and that the Louisville and Lexington organizations have already so voted. The bill has not yet run the gauntlet of either a house or senate committee, but even if reported favorably will encounter opposition in either branch.

The bill provides for the examination and registration of nurses; creates a state board of nurse examiners, an advisory board; defines their duties, and provides penalties for violation of the act.

Members of Board.

The state advisory board for some reason unexplained, is to be composed of the president of State university, the superintendent of public instruction and the attorney general, who shall appoint a state board of nurse examiners, of five persons, who are to be members of the Kentucky state association of graduate nurses and graduated from a reputable training school at least three years. The secretary and treasurer shall be paid a salary fixed by the board, the other members to receive \$5 a day, while attending the meetings and traveling expenses.

Each applicant for examination is required to pay a fee of \$10, and if passing a satisfactory examination to be given a certificate and styled a "registered nurse." It is provided that applicants may be registered without examination, when before July 1, 1911, a diploma is presented, issued by a training school connected with a general or special hospital or infirmary, presided over by a graduate nurse, where a two or three years' course is required, or if the applicant has received, prior to 1889, a diploma after one year's training in any of the aforesaid institutions, under conditions satisfactory to the board, and is engaged in professional nursing for five years after graduation. Nurses in training at the time of the passage of the act, provided they graduate, and those presenting diplomas from other states, may be registered without examination, after payment of \$10.

Must Pass Examination.

Examination is required for all applicants for registration, on or after July 1, 1911, who having graduated from a hospital training school requiring two or more years' course of study, shall be given a certificate after passing a satisfactory examination. A fine of from \$50 to \$200 is fixed for the first offense, and from \$100 to \$500 for the second offense, for false representation as a registered nurse, and a fine of from \$50 to \$500 is fixed as the penalty for any applicant who shall willfully make any false representation to the state board of nurse examiners.

Another provision of the measure is that the state board may recall and cancel the certificate of any nurse upon charges filed and sustained, which include inefficiency, incompetency, immorality, addicted to use of drugs or any other misconduct, which would have prevented the issuance of a certificate in the first instance.

EATS GLASS

HIRAM SMEDLEY FINDS LIGHT GLOBES DELICIOUS.

Incandescen Refreshments Enjoyed As Substitute For His Doze.

Pulverized glass has found a place in the menu of Hiram Smedley, who is being treated for the drug habit while a prisoner at the county jail. The jail officials have missed incandescen lamps that were placed in his cell, and have learned that Smedley pulverizes and eats them. He pulverizes the glass so fine that it has not injured him, or at least it is not apparent. While the drug is being taken away from him Smedley says his system craves something and he began the practice of eating the fine glass while a patient in a private sanitarium. He also recommends it as a relief for indigestion.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Foid, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed. If you are suffering from any of these ailments, don't give up hope until you have tried Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

WILL HOLD RECEPTION AT THE TEMPLE SUNDAY.

In Honor of District President, Emil Mayer, of St. Louis.

Mr. Emil Mayer, a prominent attorney of St. Louis and president of district Grand Lodge No. 2, I. O. B. B., will be in the city Saturday and Sunday as the guest of Harmony lodge.

Mr. Mayer comes in the interest of the order, and during his stay here will endeavor to increase the membership of the local lodge.

The Independent Order of B'nai B'rith is a purely charitable organization, maintaining orphan homes, hospitals, homes for the aged and employment bureaus throughout the civilized world.

District No. 2 has under its care the Jewish Orphan Home at Cleveland and the Hospital for Consumptives at Denver, Col.

An informal reception will be held by the lodge at the Temple Israel on Sunday morning at 10 o'clock and a large attendance is expected.

Moore Simon is president of the local lodge, and I. S. Stacy is secretary.

KNEE TO ANKLE A MASS OF HUMOR

Suffering Simply Indescribable—Had to Scratch Till Blood Ran—Health Undermined from Lack of Sleep—Gave Up Hope but

CUTICURA FREED HIM FROM SKIN-TORMENT

"About seven years ago a small abrasion appeared on my right leg just above my ankle. It irritated me so that I began to scratch it and it began to spread until my leg from my ankle to the knee was one solid scale like a scab. The irritation was always worse at night and would not allow me to sleep, or my wife either, and it was completely undermining our health. I lost fifty pounds in weight and was almost out of my mind with pain and chagrin as no matter where the irritation came, at work, on the street or in the presence of company, I would have to scratch it until I had the blood running down into my shoes. I simply cannot describe my suffering during those seven years. The pain, mortification, loss of sleep, both to myself and wife is simply indescribable on paper and one has to experience it to know what it is.

"I tried all kinds of doctors and remedies but I might as well have thrown my money down a sewer. They would dry it up for a little while and fill me with hope only to break out again just as bad if not worse. I had given up hope of ever being cured when I was induced by my wife to give the Cuticura Remedies a trial. After taking the Cuticura Remedies for a little while I began to see a change and after taking a dozen bottles of Cuticura Resolvent, in conjunction with the Cuticura Soap and Cuticura Ointment, the trouble had entirely disappeared and my leg was as fine as the day I was born. Now after a lapse of six months with no signs of a recurrence I feel perfectly safe in extending to you my heartfelt thanks for the good the Cuticura Remedies have done for me. I shall always recommend them to my friends. W. H. White, 312 E. Cabot St., Philadelphia, Pa., Feb. 4 and Apr. 14, 1909.

Cuticura Remedies are sold throughout the world. Potter Drug & Chem. Corp., 230 Nassau St., Boston, Mass. Cuticura Soap, 25-cent Cuticura Book on the Care and Treatment of the Skin.

TAX REFORM GETS BOOST IN SENATE

CONSTITUTIONAL AMENDMENT MAY BE SUBMITTED.

State Senator Combs Introduces Joint Resolution to That End.

MAY VOTE AT NEXT ELECTION

Frankfort, Ky., Jan. 28.—Another step to secure tax reform in Kentucky, was taken, when Senator Thomas A. Combs, of Lexington, introduced in the upper branch of the general assembly a joint resolution providing for the submission to the voters of the state of a constitutional amendment changing the taxing system to a more modern and equitable basis.

Should the amendment be submitted by the legislature, which seems assured, it will be voted on at the regular election in November, 1911, the constitution requiring that all amendments to the organic law must be voted on at an election where members of the general assembly are voted for. An aggressive campaign will be waged for its adoption.

To Close Saloons on Holidays.

Should a bill introduced by Representative W. F. Welch, of the Estill-Powell district, become a law, those who like the "cup that cheers" will be unable to "wet their whistles" on legal holidays in Kentucky. The Welch measure provides that in addition to Sundays all saloons or places where intoxicating liquors are sold by retail, shall be closed on New Year's day, Washington's birthday, Memorial day, July 4, Labor day, Thanksgiving, and Christmas, and any other days that may hereafter be declared legal holidays. This same law is in force in several other states, notably Indiana.

Compulsory Education.

Another link in the chain of the system to reduce illiteracy in Kentucky, is the bill introduced in the house by Representative J. R. Zimmerman, of the Bullitt-Spencer district, providing for the compulsory education of children from seven to fourteen years of age, and the establishment of a system of truant officers in each county. An identical measure has also been introduced in the senate, and both will be pushed to early enactment. All those interested in the child-saving movement and the betterment of the educational system in this state, are strongly backing the measure.

Park at Perryville Battlefield.

Impetus has been given the movement to establish a public park on the Perryville battlefield in Boyle county, by the bill of Representative W. F. Pittman, of that county, and which carries an appropriation of \$3,000 to cover the cost of converting the property into a public park. The battle of Perryville was one of the sharpest conflicts of the Civil war. A bill is now pending in the federal congress to make a national memorial park of the famous battlefield, where numbers of gallant Confederate and Union soldiers fell in the line of duty.

Repeal of Barbers' Law

The expected bill, providing for the repeal of the barbers' examining law, has turned up in the house.

Representative S. M. Russell, of Todd county, being the author. The repeal bill followed a petition of numerous barbers throughout the state, addressed to the state senate asking for the repeal of the law, which since its enactment several years ago has figured in the courts, being only a few months ago held by the court of appeals to be constitutional. The law only affects the cities of the first, second and third classes. Repeated efforts have been made to secure the repeal of the law, but having begun early at this session, the opponents of the statute

feel hopeful of accomplishing their purpose.

Makes Offense a Felony.

The buying and selling of registration certificates will be a felony, punishable by confinement in the penitentiary, if the bill offered in the house by Representative Sidney G. Clay, of Bourbon county, becomes a law. Under the present election law, there is no offense committed in the trafficking in registration certificates, though several attempts, notably in Louisville, local ordinances have been adopted, seeking to provide a penalty for their buying and selling. It is argued by the statute denouncing a penalty for bribery at elections becomes a nullity unless it covers the operations in these certificates, which are the chief essential of the right to exercise suffrage.

BRAND and McHenry began eagerly to inspect the final proofs of the Bartelmy story. Two figures suddenly stood in the doorway of the composing room. Ed Dupuy's telephone call was beginning to show results. Judge Bartelmy and Judith, ready for a last effort to prevent the publication of the condemnatory article, quite unobserved, glanced to where Brand and his associate editor were at work. "Don't come in yet. Wait a few moments," whispered the judge. The girl slipped down the hall into the managing editor's little office, the cogen of vantage from which she had previously been able to hear all that took place in the composing room. Bartelmy proceeded directly to the form before which the two editors were working, and Brand saw that he must undergo another unpleasant encounter before the presses began to whirl off his story. He glanced impatiently at the clock and raised his brows questioning to the

"Mr. Brand, has Mr. Nolan been here tonight?" asked Bartelmy.
"Yes."
"Have you received instructions about this story?"
"Yes."
"What were those instructions? Is the story to be printed?"
"I am not at liberty to discuss with any outside person the communications I receive from the owner, but I will add for your information that the story will be on the press in a very few minutes."

At this latest declaration of Brand's Judith could restrain herself no longer. She rushed through the doorway, across the grimy floor, regardless of the flowing train of her silk gown. Brand rubbed the back of his hand across his eyes as though they were deceiving him.

"Good God, it is Judith!" he exclaimed. Then he turned to his assistant. "Here, Mac, hurry—take this form away."
The girl's face and eyes were aglow with the effects of the nervous strain under which she labored on that epoch making and epoch breaking night before the startled night shift of the Advance.
"Wheeler, you're not going to use that picture?" she pleaded.
"Take the form away," again ordered Brand, his voice almost falling him.
"No, no; don't send it! Wait, wait!" She threw herself over the inky form, her arms outstretched.
Brand tried to draw her away.
"Judith, please!" he protested.
"They can't have!" She was hysterical.

"Go to lunch, boys," ordered Brand to the typesetters.
"We'll miss the mail," protested McHenry.
"I don't care. Go to lunch."
The compositors ceased work at the linotypes and, wondering and whispering, slowly filed out.
"Judith," Brand besought her, "won't you?"
"Listen to me, Wheeler," she broke in. "I know everything. Father has told me everything about his guilt. You understand what it means to me—what he is to me. You must spare him for me!"
"Judith, it's impossible."
"But it is the human thing to do. Oh, forget these ideals. Be just a man—a man who loves a woman and protects her. You do love me, I know, in spite of everything that you've done."

"Yes, I love you!" he cried fervently. "And Wheeler, dear, I've not changed," she told him fondly. "I can see how right you mean to be. In this you are wrong. Whatever my father may have done, his intentions were honest. He had been involved by others and when he tried to extricate himself it was too late. They, not he, were guilty. It was for their sakes, not his own, that he offered you that money, so you see you are wrong. Why, Wheeler, if you belonged to me and committed a crime I would die to shield you from the penalty."
Brand answered her quickly.
"That is wrong reasoning."
"No, no; it is right. That must always be," she cried. "It is like—a law of life. Can't you see that too? I belong to you. Yes, I belong to you, and you should shield me. You must feel toward my father as he were your own because he is mine. It's not possible that you would do this thing to your own father. Think of him that way—your own father! You'll not regret it. I'll make it up to you with all

CLEAR THE COMPLEXION OVER-NIGHT.

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Ever since its discovery, poslam, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialists who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.
In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use poslam for these minor skin troubles should immediately secure one of the special 50 cent packages recently adopted to meet such needs. Both the 50 cent package and the regular \$2 jar may be obtained in Paducah at Gilbert's, R. W. Walker Co.'s and other leading drug stores. Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth Street, New York City.

last outcry he drew near to the editor. "Brand, are you human?" he demanded strongly, pointing to the prostrated girl with his walking stick. "Human, human, Judge Bartelmy!" he exclaimed. "You are true to yourself to the end. You bring your daughter here so that by torturing me with the sight of her suffering you may escape the penalty of your thievery. I was willing she should think me heartless to spare her the greater pain of knowing you as you are. But now you bring her here in her innocence to repeat to me your lies. You're degrading her, dragging her down to your own level, just as you did her mother before her. If she lets you go on using her it will be with her eyes open."
Judith raised her head amazedly.
"What are you saying?" she asked.
Brand turned to her and then to the judge.

In the Senate.
The committee on penitentiaries and houses of reform reported favorably the E. M. Taylor bill increasing the salaries of the prison commissioners.

The committee on revenue and taxation reported favorably on the Beard bill to authorize the refunding and repayment of inheritance taxes where the amount of the legacy is less than \$500.
The committee on criminal law reported favorably the Newcomb bill which provides a prison term for any person who takes an automobile from any garage without the consent of the owner.

Hospital Bill Passes.

The committee on public health reported favorably on the bill appropriating \$30,000 to the state board of health for enlarging its scope.

Senator L. W. Arnett, of Covington, introduced a bill to abolish the office of the revenue agent for state-at-large.

J. R. Catlett, of Caldwell, offered a bill to repeal the charter of the Dycusburg public school.

Raise for City Clerk.

The L. W. Arnett bill fixing the limit of the salary of the city clerk of Covington at \$7,000 instead of \$5,000 was passed by a vote of 29 to 1.

More Money for Judges.

The Linn bill, providing that hereafter all special circuit judges shall be selected from regular circuit judges who are not sitting at the time of appointment, was then carried up for passage. The bill provides that the regular judges be paid \$1,200 a year for this extra service, bringing the annual salaries of the circuit judges to \$4,200 a year.

Senator Linn spoke for the bill, stating that the present salary paid circuit judges was entirely inadequate. Senator Greenwood A. Taylor, of Lurie, opposed the bill, stating it was his belief the circuit judges were paid enough now.

Senator N. B. Chipman of Pendleton, offered an amendment fixing the additional compensation at \$300 a year. Senator J. C. Graham, of Glasgow, declared the intent of the bill was plainly to violate the constitution indirectly by increasing the salaries of officials during their term of office. He said:

"If we must increase the salaries of these judges let us do it in the open."

Senator R. B. Brown, of Gallatin, wanted to know if the regular judges could be required to do the extra work if the law was passed. Senator J. A. Donaldson, of Carroll, said he was opposed to the raise as the regular judges entered into a contract with the people who elected them to serve for the salary now paid them. He offered an amendment fixing the extra salary at \$600 a year.

Senator Watkins, of Union also spoke against the bill. Senator C. M. Thomas, of Bourbon, favored the bill as a just measure, and said he hoped the bill would pass. Senator W. V. Eaton spoke earnestly for the measure.

The Chipman amendment fixing \$300 a year as the extra salary was voted down by 27 to 4. The Donaldson amendment, making the extra compensation met a like fate, the vote being 24 to 11. The bill was then passed by a vote of 29 to 6. The act does not apply to circuit judges of Louisville, Covington, Newport or Lexington, which have courts in continuous session.

The Ryan bill, providing for the supplementing by the payment of \$2,000 annually to the six circuit judges of Louisville by the fiscal court, was passed by a vote of 31 to 9. The act merely legalizes the payments which have been made to these judges to bring their salaries up to \$5,000 each.

The Bosworth bill, raising the penalty for kidnapping from two to twenty-one years in prison to the death penalty or life imprisonment, was passed by a vote of 34 to 0.

The Beard bill, to authorize the refunding of inheritance taxes where the legacy was under \$500, was passed by a vote of 34 to 0.

Senator B. M. Arnett, offered a joint resolution appropriating \$8200 to pay incidental expenses of the present legislature, each house to expend \$4,100. Lies over.

Senator Hogg offered a joint resolution providing for furnishing each member of the legislature with a copy of the legislative digest each day during the session. Lies over.

The following new bills were introduced:

Bank Examiners.

Conn Linn—To transfer town of Eddyville from fifth to fourth class towns.

Conn Linn—Authorizing depositions to be taken in short hand and fixing fees for same.

Senate bill No. 198—Conn Linn—Act appropriating \$16,000 additional to encourage establishment of private sanatoria for treatment of tuberculosis.

Senate bill No. 100—B. M. Arnett—Act creating the department of banking and bank commissioner and providing for bank examiners etc., commissioner to receive \$3,600 salary, deputy commissioner \$3,000,

BOUTELL SPEAKS FOR THE TARIFF

COMMON SENSE OF TAFT WILL
RESULT IN RE-ELECTION.

He Asks Whether or Not Tariff Has
Retarded Prosperity—
Promises Loyalty.

SAYS IT WILL BE JUSTIFIED

Washington, Jan. 28.—Admitting that the Payne tariff law would have to be justified by results, Representative Boutell of Illinois, defended the new law in the house today.

President Taft had been criticized, he said, because he had declared the Payne act was the best tariff law ever passed by congress.

"The common sense and sagacity of President Taft will be recognized by his re-election in 1912," he said, and added:

"It has been claimed that the tariff act has not brought prosperity and that it will retard prosperity."

When the Democrats applauded this statement and laughed in derision, Mr. Boutell sharply rebuked them.

Party Loyalty.

"Why is it," he asked, "that the Democrats always applaud any tale of misfortune or prediction of adversity?"

Then the Republicans laughed and applauded, and the Democrats lapsed into silence.

"I think," said Mr. Boutell, an-

ATHLETIC

EVENT AT RUSSELLVILLE NEXT
MAY.

Bethel College Invites High School
to Participate in
It.

The athletic department of the Bethel college at Russellville, has written to the High school athletic association, inviting the school to participate in a track and field meet to be held May 14. The meet will be held at the college, and will comprise men from the smaller colleges and principal High schools of the state. It is uncertain whether High school will develop a track team this spring.

Basketball.

Some good sport was enjoyed last night when four basketball teams of the High school furnished a double-header. The game between the two girls' teams resulted in a victory for the first team by a score of 9-5. The first team of the boys defeated the Olympian team, 31-22. The girls lined up: First—Bonnie Dodson, center; Ira Jones and Ida Lea Stea-ker, forwards; Ruth McChesney and Edna McLaughlin, guards.

Second—Clara Stewart, center; Ruby Morton and Henrietta Kahn, forwards; Pauline Rock and Grace Stewart, guards.

The boys lined up:

First—King, center; Ogilvie and Sills, forwards; Hughes and M. Mitchell, guards.

Olympian—Yarbrough, center; Graham and Gardner, forwards; Wilhelm and Harth, guards.

River Forecast.

The river here will rise slowly during the next 12 hours and come to a stand.

Today's Arrivals.

Dick Fowler from Cairo; George Cowling from Metropolis; Bettie Owen from Brookport; Ohio from Golconda; Kentucky from Riverton, Ala.; Joe Fowler from Evansville.

Today's Departures.

Dick Fowler for Cairo; Kentucky for Metropolis; Ohio for Golconda; George Cowling from Metropolis; Bettie Owen for Brookport; T. H. Davis for Joppa; Joe Fowler for Evansville.

River and Weather.

The stage of the river this morning at 7 o'clock was 34 feet, indicating a rise of two-tenths of a foot in 24 hours. Weather clear and colder and business good.

Heard On the Wharf.

The Dick Fowler returned at 10 o'clock last night from Cairo after enjoying a good trip along the lower Ohio. She departed for Cairo at 8 o'clock this morning with a good trip.

Neck and neck the John T. Lowry and John S. Hopkins arrived at 7 o'clock last night from Evansville and both departed at 8:30 o'clock. Both enjoyed good trips.

Tom Latham went out second engineer on the Hopkins last night.

The ferryboat Bettie Owen brought a large amount of corn from Illinois to this port yesterday afternoon.

Other steamers are handling all the corn they can carry.

Charles Hamlet went out on the Richardson as steersman.

Loaded to her guards the Kentucky arrived at 7 o'clock this morning from the Tennessee river. She had 150 head of live stock for Paducah, besides poultry, eggs, corn and miscellaneous freight. She departed for Metropolis, after unloading here and delivered several car loads of lumber there. Her time of departure for Riverton, Ala., will be Saturday evening at 6 o'clock.

The towboats Condor and T. H. Davis came up from Joppa last night with empties. The Davis took back

a tow of ties this morning while the Condor cooled down for repairs here. Engineer James M. St. John, formerly on the Clyde, has signed for a similar place on the government boat Cumberland and will go to his post as soon as she is let off the marine ways here.

Capt. John E. Rollins, president of the Paducah & Illinois Ferry company, will leave Sunday in search of a ferryboat to replace the Bettie Owen while she is being remodeled and having new engines and boilers installed. Capt. Rollins will visit St. Louis, Memphis and Cairo and hopes to return in a week in order that the Owen may be laid up. The Three

States at Cairo has been mentioned as a boat to run in the trade. After the Owen is completed she will make her maiden trip in the Paducah and Livingston county trade, as she has obtained ferry franchises to operate between here and there.

The crest of the rise in the Ohio is believed to have reached here and very little more water is looked for. The river is falling above here as well as the Tennessee and Cumberland.

—Mr. and Mrs. James McQueen, residing on the Hinkleville road, are the proud parents of a fine boy baby, born last night.
